

NOTICE OF PUBLICATION

Population Trends, 2016

The Singapore Department of Statistics is pleased to announce the release of the publication ***Population Trends, 2016***. It is the twelfth edition of an annual series that puts together different aspects of demographic statistics in one volume. The report comprises five sections, namely, 'Population', 'Households and Housing', 'Family Formation and Dissolution', 'Fertility' and 'Mortality'. Time series of commonly used indicators are included in the Statistical Appendices.

As at end-Jun 2016, Singapore's total population was 1.3 per cent higher than that of the previous year. Total population growth has remained relatively stable since 2014.

Interested readers may access the publication on the SingStat website at:
