

DEPARTMENT OF STATISTICS, SINGAPORE
NOTICE OF PUBLICATION

ECONOMIC SURVEYS SERIES
Reference Year 2007

RETAIL TRADE

The Singapore Department of Statistics conducts an annual survey on the services industries to collect a wide range of data for studies and analyses. The latest survey was carried out in 2008 for reference year 2007. For this year, reports focusing on several services industries of importance to Singapore's economy will be released, followed by a consolidated report on the services sector.

The key survey results will first be released on the Department of Statistics' website, followed by softcopy publications with more detailed tabulations. This report on **Retail Trade** is the fourth report to be released in the series. Summary findings of this industry are now available free of charge at the Department's home page at <http://www.singstat.gov.sg>. A final consolidated report on **The Services Sector** will provide an overall view of the services sector.
