

Singapore's Utilities Sector

2021

In 2021, Singapore's utilities sector¹ comprised about 770 establishments which registered a total of \$35 billion in operating revenue.

Between 2003 and 2021, operating revenue of the utilities sector grew at a compound annual growth rate of 6.1%. However, not all years saw growth. Operating revenue declined 10.8% in 2020, corresponding to the economic slowdown due to the COVID-19 pandemic. Operating revenue rebounded in 2021 with a 19.7% growth, exceeding the operating revenue in 2019.

Operating Revenue for the Utilities Sector, 2003-2021

¹ Excludes own account workers, i.e., individual self-employed persons who are not registered with the Accounting & Corporate Regulatory Authority (ACRA).
