University	This refers to those who have Bachelor Degree, or Postgraduate Diploma (including NIE postgraduate diploma), or Masters, or Doctorate. It also includes persons with WSQ graduate certificate and WSQ graduate diploma.

Field of Study

Field of study refers to the principal discipline, branch or subject matter of study that leads to the award of the qualification attained. The Singapore Standard Educational Classification 2010 is used to classify the subject matter of study.

ECONOMIC CHARACTERISTICS

Economic Status

The economic status of a person refers to whether a person was working during the seven days preceding the day he was enumerated. Persons aged 15 years and over are classified as either economically active or economically inactive.

Economically active persons refer to persons who were working and those who were actively looking for work if not working during the reference period.

WorkingA working person is one who during the reference period, worked
for pay or profit. It includes those serving national service, as well
as those who were helping in a family business without fixed pay. It
also includes all those who had a job or business to return to but
were temporarily absent because of illness, injury or other reasons.UnemployedAn unemployed person is one who was not working during the
reference period but was actively looking for work or planning to
start his own business.

Economically inactive persons refer to persons who were not working and not actively looking for work during the reference period.

HOUSEHOLD AND HOUSING CHARACTERISTICS

Elderly Living Arrangement

Elderly persons aged 65 years and over are classified according to their co-residence with their spouse or children. Additional dimension on the economic status of the children is incorporated into the classification.

With At Least One Working Child	This refers to an elderly person living with his/her children in the same household, at least one of whom is working.
With All Non-Working Children	This refers to an elderly person living with his/her children in the same household, all of whom are not working.

Elderly persons who are not living with their spouse or children are classified according to whether they are living alone or with other elderly persons. Elderly persons living alone refer to those in one-person households, with or without other occupants in the same dwelling unit.

Type of Dwelling

A dwelling refers to a building, part of a building, or a covered space used or intended to be used by one or more persons as living quarters. Each dwelling has its own separate entrance with direct access to a public road or pathway. A dwelling may be a residential building by itself, or a unit in a residential building, or part of a nonresidential building such as a shop or factory with space used as living quarters.

Dwellings are broadly classified into the following three categories: Housing and Development Board (HDB) flats, condominiums and private flats, and landed properties.
