

SINGAPORE POPULATION

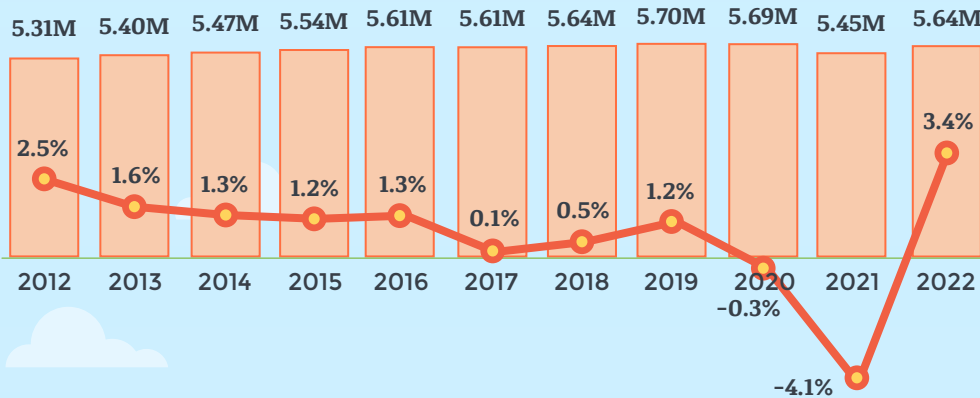

2022

RESIDENT POPULATION ¹

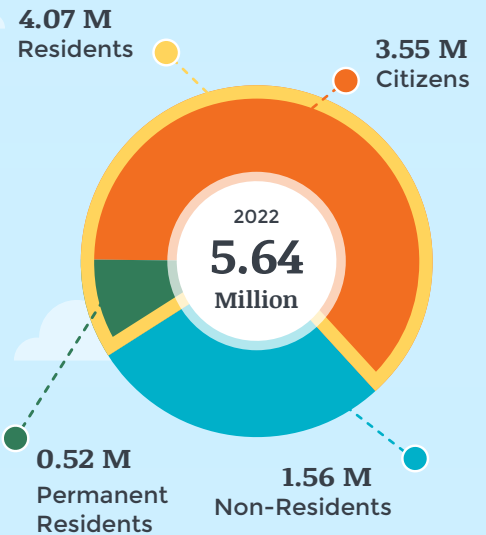

Resident population grew by 2.2% in 2022, recovering from the decline in 2021 amidst COVID-19.

TOTAL POPULATION ²

Total population grew by 3.4% in 2022 after two consecutive years of decline.

¹ Resident population comprises Singapore citizens and permanent residents

² Total population comprises Singapore residents and non-residents. Non-residents are a diverse group which includes those who are here for work, study or family reasons.

Note: Population figures are as at end-June of the reference years.
