

Foreign Direct Investment in Singapore (Flows) 2025

FOREIGN DIRECT INVESTMENT IN SINGAPORE BY COMPONENT (FLOWS)

Foreign Direct Investment (flows) in Singapore (i.e. FDI inflows) record the value of the direct investment transactions by foreign investors in Singapore-based enterprises during a reference year and has contributed to our economic growth. FDI enhances overall productivity and competitiveness of the host economy by creating job opportunities and facilitating knowledge and technological transfers. FDI usually occurs through the establishment of new subsidiaries, mergers and acquisitions, or the expansion of existing enterprises in Singapore.

FDI inflows into Singapore reached \$197 billion in 2025, recording an increase of 8.4% over the previous year. This was due to the increase in equity capital, which constituted the bulk of total FDI inflows in 2025.
